

# Mission to UK & FRANCE

## Explore Oregon's deep economic connection with the United Kingdom & France

***Have you ever wanted to attend the Paris Air Show? Or explore connections between the Oregon and French wine industry from the vineyards of Burgundy? Now is your chance.***

Through our exports and investment abroad, the relationship between Oregon and France and the United Kingdom is strong. This is your opportunity to make it stronger by learning about these connections and supporting our state's effort to expand exports and market the region for investment.

Industries of focus include:

- Aviation
- Advanced manufacturing
- Software development
- Green building services
- Agriculture / wine production
- Food manufacturing
